EXPERIENCE

COMCAST

May - Aug 2024

UX Design Intern @Freewheel

- Led redesign of the filter pattern in design system; enhanced efficiency and consistency across three platforms
- Conducted three user interviews to identify client workflows and pain points
- Leveraged Pendo to analyze data from 1,000+ users to identify usage patterns and usability issues
- Designed and executed five user tests to evaluate potential design solutions
- Collaborated with engineers, PM's, and designers to develop and refine solutions
- Presented research findings and design proposals to leadership team

May- Aug 2023

Product Design Intern @Freewheel

- Led redesign of key components (toggle button and field) in the design system; enhanced usability and accessibility across three platforms
- Conducted comprehensive research on over 15 design systems to integrate best practices into design decisions
- Collaborated with engineers to implement designs

THRYFTSHIP

Mar - Jun 2024

Product Designer

- Collaborated with founders and designers to streamline user experience for desktop and mobile web apps. Reduced average shipping time by 75%
- Analyzed user flows and identified pain points using Fullstory
- Applied W3C accessibility guidelines to enhance accessibility
